A MONTHLY  
TOWN OF BARNSTABLE  
NEWSLETTER

**February 2017**

### From the Town Manager

Dear Reader:

The Department of Public Works' winter storm protocol was effective during Winter Storm Helena the weekend of January 7<sup>th</sup>. The DPW team's efforts along with increased communication provided a well-orchestrated response to the over a foot of snow we received. Our thanks to the DPW crews and contractors who provided storm response.

We kicked off the formal budget preparation process with a presentation on the financial condition of the town at a joint meeting of the Town Council and School Committee on January 19<sup>th</sup>. The winter months are when town staff prepares the Capital Budget and the Operating Budget for presentation to the Town Council in March and May, respectively.

There is more information in this newsletter about the Comprehensive Annual Financial Report (CAFR) and the 10-Year Financial Forecast.

Barnstable has again received the highest form of recognition in governmental budgeting from the Government Finance Officers Association (GFOA), the Distinguished Budget Presentation Award. The award demonstrates the commitment of the Town's governing body and staff to meet the highest principles of governmental budgeting. I am proud of our budget team and finance department for getting this national recognition.

Regards,

*Mark S. Ellis*

### Town of Barnstable's FY2016 Comprehensive Annual Financial Report (CAFR) Issued

The Town of Barnstable's fiscal year ending June 30, 2016 Comprehensive Annual Financial Report (CAFR) has been issued and is available on the town's website at [FY16 CAFR](#). The CAFR contains three main sections; Introductory Section, Financial Section and Statistical Section. The CAFR includes the independent auditor's opinion on the town's financial statements and can be found on page 17 of the document. The auditors expressed an unmodified opinion, or a "clean" opinion, on the statements. The most effective way for an individual to review the CAFR would be to read the Letter of Transmittal and Management's Discussion and Analysis to gain a better understanding of the meaning behind the numbers presented in the document. Ten year historical information is included in the Statistical Section which some individuals may find interesting. The CAFR will be submitted for the Certificate of Achievement for Excellence in Financial Reporting award issued by the Government Finance Officers Association as in years past. The town has achieved this award for the past 14 CAFR's and anticipates this CAFR to qualify.

If you sold or no longer own the vehicle, you must contact the Assessor's office for filing of an abatement. Unpaid Motor Vehicle Excise bills do not go away! Interest and penalties for unpaid bills add additional monies to the base charge of the bill and can "flag" your license at the Registry of Motor Vehicles.

Any request for information regarding amount of monies paid for real estate, personal property and motor vehicle excise taxes for income tax filings must be made in writing to our office. ### Ten Year Financial Forecast Released

Our Finance Department produces an annual ten year forecast. The objective is to assist town leaders in strategic planning by taking an in-depth look at the Town's current financial condition, revenue and expenditure trends over the past ten years and projections for the next decade. This is a forecast and is not meant as a spending plan. While we are looking ten years out, decisions made locally and at the state level could substantially impact data assumptions projected in the ten year forecast. The updated 10 Year Financial Forecast has been posted to the town's website ([www.townofbarnstable.us](http://www.townofbarnstable.us)).

Neptune Rises on the Dunes: The Blizzard of '78 on Cape Cod! On February 6-7, 1978, New England was struck by one of the greatest weather events in history, when the now-legendary "Blizzard of '78" buried Eastern Massachusetts and Rhode Island with four feet of snow and 15-foot drifts. On Cape Cod, it wasn't a "snow event" but a "tidal event." Hurricane force winds, combined with the highest new moon tides the area has even seen, carved out an entirely new landscape on the Outer Beach. Tides coming in from the ocean and bay near the Eastham rotary even turned the Outer Cape into an island for a short time as the eye of the storm passed directly over the area.

**Valentine Tea, Talk & Tasting Feb. 14, 2-3:30p.m. RSVP Required by February 10, Fee-\$10** This is a delightful presentation on the taste, smell, history, popularity and abundance of teas available today from all over the world. Join Mary Fernandes' presentation and demonstration designed to introduce and educate people on the interesting and exciting world of loose-leaf teas. Learn the differences between black, green, white, and oolong tea, the health benefits, why herbs are not a tea, where tea is grown and how to brew. You will have the opportunity to taste the different types of tea. Join the BSC for a few moments of relaxation and enhanced well-being and enjoy the simple pleasures of tea.

#### **Barnstable County Sheriff's Office: Identifying & Avoiding Scams/Fraud Dept.**

**Feb. 16, 1:30-2:30 p.m. RSVP-Free** It is always in season. Con artists are available year round with a focus on new victims. ## **BHS and JFK: Artistically Honoring Our Past**

**Tuesday, February 7th, 5:00 PM - Barnstable High School Main Lobby:  
BHS Fine Arts III students and the JFK Museum in Hyannis present an  
Art Opening of student work honoring the life and legacy of John Fitzgerald Kennedy.  
All are invited to attend.**

On Tuesday, February 7th, at 5:00 in the main lobby of Barnstable High School, Abby Fay's Fine Arts III students will host an art reception displaying artwork inspired by a recent visit to the JFK Museum on Main Street in Hyannis. Museum Education Director Jennifer Pappalardo and Executive Director John Allen took the class on a behind the scenes tour of the museum where students not only learned about the life and times of the Kennedy family but also saw firsthand what it took to curate and exhibit a successful and cohesive show. Students then took what they gleaned from that day to create an original artwork based on any aspect of the personal and political life of JFK or his family members that the students personally connected to. This exhibit is completely curated by the students; they made choices about the artwork, text, artifacts, and photographs from the JFK Museum displayed in the show.
