ROADWAY IMPROVEMENTS
POND STEET, OSTERVILLE

The Department of Public Works will continue roadway improvements on Pond Street in Osterville through Friday, September 28, 2018. Improvements include pavement milling, drainage structure adjustments and a new asphalt pavement road surface.

Vehicle access during construction operations will be restricted to one lane. Motorists are advised to seek alternate routes to avoid the construction work.

Operations will start promptly at 7 AM and run until 5 PM, after which time traffic will be opened back onto both lanes of these roadways.

As always, please slow down and use extreme caution when traveling through the road construction areas and follow posted safety signs.
