

The Barnstable Bulletin

A MONTHLY TOWN OF BARNSTABLE NEWSLETTER

OCTOBER 2017

From the Town Manager

Dear Reader:

We are fortunate on Cape Cod to experience all four seasons. Each brings its own beauty and reminds us of how lucky we are to live, work and play in Barnstable. The recent tropical storms remind us that we must be prepared for what the weather may bring.

As we begin the fall season, we are reminded of the changes that not only happen in nature, but in government as well. We have already begun work on the FY2019 budget process. Finance Director Mark Milne provided the Town Council and staff with the FY2019 Budget Calendar last month. The Town Council and School Committee held their annual joint meeting to review the Town's Financial condition as presented by the Finance Director. Department heads are actively preparing their proposed Capital and Operating Budgets for FY2019 with a renewed focus on quality of life, fiscal stability, and the provision of quality service.

The vote to authorize the Cape Cod Regional Technical High School (CCRTHS) district to incur debt for the "Massachusetts School Building Authority Project at CCRTHS" takes place on October 24th from 12:00 PM to 8:00 PM. On September 19th, residents voted to yes to a Special Election allowing for a debt exclusion from Proposition 2½ for this project. Next month the election for School Committee, Housing Authority, Town Clerk and Town Councilors in even precincts takes place on November 7th. Remember "the world is run by those who show up" and your vote counts! If you have not already done so, voter registration for the November election ends on Wednesday, October 18th. More information about this year's election is provided under the Town Clerk's section of this newsletter.

Wishing you a pleasant fall,

Mark S. Ellis

MISSION STATEMENT OF THE TOWN OF BARNSTABLE

To protect the Town of Barnstable's quality of life and unique character, engage our citizens, and enact policies that respond to and anticipate the needs of our community.

Spending a day at the Sandy Neck Beach house at the Halfway Point offers artists a special Cape Cod experience. Driving through the dunes to the back road sparks the creative juices with views of the marshes, the dunes, the expanse of sky and the changing colors of the seasons.

Those who have joined artist Betsy Payne Cook on one of her artist instructional en plein air (outdoor) painting workshops at this magical place will come together to display their artwork at Barnstable Town Hall October 16th - November 30th. Paintings and drawings can be viewed in the Town Hall Hearing Room and the Selectmen's Conference Room, 2nd floor, Barnstable Town Hall.

The public is invited to the artists reception on Wednesday, November 15th from 4:30-6:00 PM.

A Note from the Town Collector

Where did the summer go? It has been a very busy year and we are rapidly approaching the due date of the real estate and personal property tax bills for the second quarter of FY2018, which will be due on November 1. PLEASE NOTE: you should have the coupon that indicates the amount due for the November remit, which was mailed in the three part bill back on June 29, 2017. If you have any questions, please call our office at **508-862-4054**. This is the taxpayer's responsibility! We have been on a quarterly billing system since FY06 and many taxpayers are still confused. If you have a question, it is best to call upon one of the staff members at the office than not to call as a delay in payment can be more expensive for the taxpayer.

Payment Schedule for Real Estate and Personal Property Taxes for Fiscal 2018

Preliminary Tax Bills mailed June 29, 2017.
1st Quarter **due** Aug. 1, 2017
2nd Quarter **due** Nov. 1, 2017

Actual Tax Bills mailed by Dec 29, 2017.
3rd Quarter **due** Feb. 1, 2018
4th Quarter **due** May 1, 2018

Any change in ownership, mailing address or anything else that needs to be changed on your bill should be addressed immediately with the Assessor's office. The amount of returned mail for various reasons is incredible and we do our best to try to find the correct destination, but the staff does not have a lot of time to devote to this issue. There are several billings that go out for motor vehicles and sewer rental that need to be posted along with the normal duties, leaving very little time to do "catch up". The taxpayers expect a lot of the staff and we have tried to be most accommodating; however, the time restraint placed on the staff with the quarterly billing process leaves little time to be so accommodating.

We wish you an enjoyable Fall season!

Regards,

Maureen E. Niemi, Town Collector and Staff of Golda, Jennifer and Laurel

Superintendent's Corner

The air has turned cooler, the leaves have started to fall off the trees, the tourists have left (along with the traffic), and football is in full swing. This can only mean one thing – it's Fall on Cape Cod! Even though the students and staff have only been back to school for a little over a month, the FY'19 budget planning has already begun. On September 28, the School Committee and the Town Council held their annual Joint Budget Development meeting. This meeting kicked off the school budget discussion, development, and planning that will continue until the budget is adopted in June 2018.

Although the budget discussions and development have already started for the FY'19 school year, our focus is steadily in the present school year. On August 28, the school district staff as a whole came together for the opening day Convocation prior to the students' first day of school. The theme to this year's Convocation was "Hopes and Dreams." We asked all staff members to write down their hopes and dreams for their students this year on 3x5 index cards. These cards were delivered to their respective schools where students can see what their teachers and others in their schools hope and dream for them this coming year including:

"I hope our students know the satisfaction that comes from working hard to make dreams a reality."

"My dream is that every student in the classroom feels they are an important part of our classroom community - that they BELONG."

"My hope for my students is to see that learning can be fun even when it is hard."

"My hope is that no student ever doubts themselves and that they know their worth."

"My hope is to inspire my students to express themselves on their way to find their true selves."

"I hope my students will see their world in a new way."

"My hope is that my students will be brave. Brave enough to try. Brave enough to fail. Brave enough to try again."

"My hope and dream for my students is that they will feel success and be proud of their accomplishments this school year."

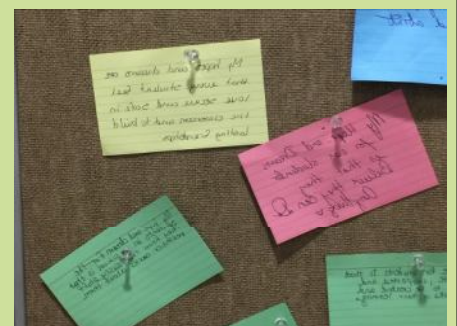

"My hope is that our students remember that every day is a new day."

As I reflect on my staff's hopes and dreams for their students this year, I would like to offer that my hope and dream is that all Barnstable students feel challenged, respected, and loved.

TOWN COUNCIL ORDER: 2017-063 BARNSTABLE HIGH SCHOOL 21ST LEARNING

The HVAC units that service the Barnstable High School Library and adjacent spaces are at the end of life, undersized, inefficient, and no longer able to provide cooling and are in jeopardy of losing the ability to provide heat. The existing distribution and return systems are not adequately designed or insulated for the 2-story space necessitating a system redesign with replacement of diffusers and the addition of low return air ducts to better circulate and distribute tempered air. The existing aluminum and single glazed curtain walls are over 40 years old and are nearing their life expectancy and do not meet modern standards. The single-pane glass panels block very little UV light and contribute to extreme heat gain in the summer, forcing the rooftop AC units to work harder and create an uncomfortable interior environment. The aluminum frame and glazing systems are also extremely inefficient at providing thermal resistance. In addition to the mechanical and solar improvements to the physical space, interior improvements to the space would include paint, flooring and furnishings.

HURRICANE PREPAREDNESS

According to the Cape Cod Emergency Preparedness Handbook: "Of all the natural disasters that might affect Cape Cod, hurricanes have the potential to cause the most property damage and loss of life if adequate planning and preparation is not undertaken." There is much you can do to better prepare yourself and your loved ones in the event we experience a significant weather emergency. In general, it is recommended that you do the following at the onset of Hurricane Season (officially started June 1st) here on Cape Cod:

Make a disaster plan for yourself, your family and your pets. Be sure you review it carefully with all members of your family.

1. Compile a Disaster Survival Kit.
2. Familiarize yourself with the flood risk in your area, as well as the location of the nearest emergency shelter.
3. Be prepared, ready and willing to follow the explicit directions of emergency preparedness.

Your Emergency Disaster Plan

While Hurricanes can devastate communities, we have ample warning time with which to enact a plan to insure the safety of ourselves and our loved ones. When developing your disaster plan consider the following:

1. Where the emergency shelter is in your area.
2. What is your evacuation route.
3. The elevation of your property above mean sea level.
4. Whether or not you are located in an evacuation zone.
5. If you plan to relocate in the event of a storm, where exactly do you plan to go? Make these preparations now and be sure a call to confirm will not be required as telephone communication may not be possible.
6. What will you do with your pets during an emergency? Remember, shelters DO NOT allow pets.
7. Know where the emergency shut off is in your home for electricity, the main panel, and for water and natural gas.
8. Be sure any/all important documents are gathered in one place.
9. Prepare your Survival Kit.

The Emergency Survival Kit

Should meet the needs of yourself and your family for at least 72 hours.

- ◆ Non-perishable packaged or canned foods that require little or no preparation. Don't forget a can opener! (Soup, peanut butter, canned juices, vegetables, crackers, jelly, trail mix, etc.)
- ◆ One gallon of water per person per day, extra for pets. Store water in sterile, plastic containers such as empty soft drink bottles. Be sure to change every six months.
- ◆ A basic first aid kit.
- ◆ Battery operated radio and flashlight with extra batteries.

Remember, in the event of a severe storm:

1. Secure all outdoor objects.
2. Stay away from windows.
3. Fill your tubs and sinks with water to use in your toilets if necessary.
4. Keep an eye on vulnerable neighbors.
5. If you are asked to evacuate, don't hesitate to do so!

The Emergency Shelter Location for the Town of Barnstable is:

**Barnstable Intermediate School
895 Falmouth Road (Route 28), Hyannis
(pets allowed)**

Our designated Emergency Alert Radio Station is WQRC 99.9 FM.
