

Memorial Day Weekend Parking Plan 2018

Dear Sandy Neck Campers,
Happy Memorial Day weekend!!!!

As you know, we had quite a winter storm season. We are trying to accommodate everyone this weekend so we have made some parking provisions.

- There is a daytripper only area in the narrow section (see signs on the beach).
- Due to beach conditions there are limited quality camper parking areas. Therefore Access Trail to Trail One is a camper area where you will need to park perpendicular (again this is to ensure that we have enough room for everyone).
- There are only a few sections of decent camper parking east of Trail 2 and the beach is very soft. We recommend the only small campers or 4X4 campers venture this far.
- No parking within marked plover areas.
