MEETING MINUTES

Chair of Committee asked the Committee members if they had any questions for Mr. Petraglia;

Councilor Bogan asked if Mr. Petraglia had any questions about the Golf Committee, Mr. Petraglia asked about what the function is and when they meet and the role of the Committee, and if he could try it out for 3 months and if it did not work out could he leave? Chair of the Committee explained that it was an advisory role in this committee and it is a committee of the Town of Barnstable that is made up of volunteer residents in the Town of Barnstable. The terms are typically three year terms, but you could backfill a position that is only one year, that is always possible, but if you were chosen to be recommended then if you decided not to continue you would have to submit a resignation in order to vacate the position. Councilor Bogan explained that currently there are two positions that are only 1 year terms, so that if he was recommended it would be a 1 year term, Councilor Bogan explained the Golf Committee does recommend needs to the Town Manager and then the request does come to the Council, so the Committee does do good work and make requests based on needs.

for Mr. Fone; Councilor Bogan a him for his interest in applying, and asked him about the small company he started in Boston, and what did that company do. Mr. Fone stated it was a company call Sherborn that made amplifiers that were used by people for their music systems. It was a business that was tough due to restrictions placed on the smaller companies that the larger companies did not have to adhere to, but he managed to become national and international despite those restrictions. He learned a lot from going big too little and the businesses are run differently in Britain than they are here, but it has been a wonderful learning experience. Mr. Fone also mentioned that this Town is very impressive financially, but has been amazed that most of the income comes from real estate. Chair of the Committee explained the next step in the process of the Appointments Committee to Mr. Fone, he was thankful and glad to be here tonight to interview.

Mr. Gomes plays sports for Barnstable and is going into the 8th grade at the High School, during the pandemic he watched a lot of movies, he wants to make a difference in someone’s life that may be struggling or just needs some help. Councilor Shaughnessy wanted to talk about the process, she believes that the Committee should deliver a Committee response to the candidates that were interviewed, having a little look at each applicant and say something briefly about why we voted the way we do , but to have a discussion about all of them not just the ones recommended. It would be beneficial to the members as well to hear about the thought process of each member on why and why not recommended. Chair of the Committee would like to adjust the Agenda to read Motions on Recommendations. Councilor Steinhilber would also like to see reappointments be discussed when they come up. Chair of Committee will talk to the Administrator to discuss the next Agenda for the layout and discussions. It is very important especially with our regulatory boards.
