Road Work on Sea Street, South Street, and Ocean Avenue in Hyannis

Construction of the Sea Street Improvements Project is scheduled to resume on September 3, 2019. Normal work hours will be from 7:00 AM to 3:30 PM, Monday through Saturday.

Construction is scheduled to continue through December 2019. The Town's contractor for this project is Robert B. Our Company.

Work commenced last winter and continued through May 2019. Construction was suspended during the summer tourist season. The work is about 75% complete.

Remaining work this fall will include sidewalk reconstruction and wheelchair ramps; installation of decorative street lights and planting street trees; new traffic signal equipment at Sea Street & South Street; placing the top layer of asphalt on the roads, sidewalks, and driveway aprons; and installing pavement markings and traffic signs, including crosswalks.

The project objectives are to improve pedestrian and bicycle access and overall traffic safety, rehabilitate aging infrastructure, and enhance the streetscape. The project area includes Sea Street from Main Street to Ocean Avenue, Ocean Avenue from Sea Street to Keyes Memorial Beach, and the intersection of Sea Street & South Street.

Construction drawings and other information are available on the project website at https://tobweb.town.barnstable.ma.us/departments/publicworks/Projects_and_Updates/Sea-Street-Streetscape-Project.asp. The Department of Public Works will provide weekly updates in the Barnstable eWeekly newsletter available online at <http://www.town.barnstable.ma.us/Departments/TownManager/Newsletters/newsletter-forward.asp>. Updates are also planned at Greater Hyannis Civic Association meetings.

Traffic will be maintained on these roads throughout construction. During active construction in the roadway, there will be lane closures with police details to direct traffic. Traffic delays may occur during lane closures. When required, detours will be posted and communicated with local businesses and residents.

As always, please slow down and use extreme caution when traveling through the road construction areas, and follow posted safety and detour signs.
