Progress the jurisdiction has made in carrying out its strategic plan and its action plan.  
91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

This report covers the period starting July 1, 2018 through June 30, 2019 which is the forth year of our Five Year Consolidated Plan, also referred to as the ConPlan. Priorities identified this year included creating or preserving affordable housing units, economic opportunities, public facility improvements, and public services.

Funds were provided for projects delivering the following outcomes:

- Create or preserve affordable housing units
- Direct financial assistance to home buyers
- Assistance to businesses in the downtown Hyannis Neighborhood Revitalization Strategy Area (NRSA)
- Public facility, infrastructure improvements
- Public services with or without a housing benefit

Results:

- Housing rehab to replace failing boilers benefited 27 low income tenants.
- Housing rehab to add 2 more rental units extended through 9/30/2019.
- Sewer Connection Loan Program did not receive any applications
- Micro-Enterprise Loan Program assisted 2 eligible micro-enterprise business in the NRSA creating 2 full-time and 3 part-time jobs.
- Senior Center Generator project contracted and extended to 11/30/2019.
- Created a new public service, Virtual Learning Program, benefiting 150 senior residents.
- Expanded a public service that benefited 250 senior residents.
- Continued the Youth Scholarship Program that provided financial assistance for sixty-two (62) youths to participate in various youth programs.

Prior Year projects completed during the 2018 program year:

- Funds provided to Habitat for Humanity in previous years resulted in the creation of four (4) brand new affordable homes that were sold to eligible families. All 4 homes were occupied in April 2019 as expected.
- Homebuyer Assistance Program provided buydown assistance to one family funded in the 2017 program year that was extended to the 2018 program year to accommodate the closing of the home purchase July 31, 2018. Project also helped public housing tenants move into home ownership and therefore creating a rental opportunity for another eligible family.
- MV House rehabbed in 2017 was fully occupied with 5 eligible tenants with extremely low income in the 2018 program year.
Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee’s program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date
Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

NOTE HUD: This section does not download to word document.

CDBG funds were used to address the highest priorities identified in the Consolidated Plan (ConPlan): Affordable housing, Economic Opportunities, Public facility, Infrastructure improvements, and public service activities.

The majority of the funds continue to be used for the 2 highest needs identified in the ConPlan, housing and economic development opportunities. Actual expenditures were $187,814 and $120,771 on housing and economic activities respectively with additional activities carrying forward to allow for completion.

Housing activities included direct assistance to homebuyers and funds to rehab multi-unit rental properties. One of the multi-unit properties is occupied by homeless persons.

Economic opportunities were addressed through the Micro-Enterprise Loan program that provided assistance to eligible businesses in the downtown Hyannis Neighborhood Revitalization Strategy Area (NRSA) and made jobs available to low and moderate income persons.

Other priorities identified as a high need include Public facility, infrastructure improvements and public service activities. Funds in the amount of $55,600 are committed for a generator at the Senior Center currently underway and extended to 9/30/2019 for completion.

Public Service activities including youth program scholarships, a new service and an expansion of senior services. The maximum amount allowed for public service activities is 15% of the yearly allocation and the total expenditures were in compliance at 10.5%.

Some projects fall under multiple goals, such as the 2 rental rehab projects which fall under housing rehab and public facility with a housing benefit and one of the completed properties served homeless individuals.

The Town is in compliance with both the obligation and origin year tests with regards to planning and administration expenditures. HUD limits these expenditures to 20% of the yearly allocation and each origin year starting in 2015. In 2018 14.13% was spent on planning activities and did not exceed 20% in any origin year from 2015 to the present.

Another priority is complying with HUD’s timeliness standard that requires the majority of CDBG funds to be spent and disbursed before May 1 each year. An unexpended balance of 1.5 or less than the amount of the current entitlement award is acceptable anything over is not. The ratio adjusted for program income this year was 1.80 and therefore did not comply. Delayed projects and unexpected program income in the amount of $221,505 contributed to the non-compliance. The Town is required to submit a workout plan and regular updates to HUD until the requirement is met for the 2019 program year. Failure to comply 2 years in a row will result in the loss of funds over the 1.5%.

Narrative

*Note to HUD: Only 5 of the 10 races download from IDIS to the word document even though completed in IDIS. The IDIS system does not allow us to add rows or additional races to the table. There were no persons or families identifying as Native Hawaiian or Pacific Islander this year. Table 2a was added to show the actual race and ethnicity data captured. Additionally the amounts by race did not include housing activities so manually updated those fields. Corrections were included in the draft made available for public review.* 

Demographic information is collected for HUD reporting purposes only. According to the American Community Survey 2013-2017 the total population for the Barnstable Town City is 91% white, 4% Black/African American, 1% Asian, 2% Multi-Racial, while the population that is Hispanic or Latino by Race is 3.7%. The percentages served are consistent but slightly more diverse than the population as a whole which is due mostly to the housing and public service activities offered this year. These programs provided homeownership opportunities, improved rental units, provided new and expanded services to seniors and scholarships to eligible families for their children to participate in various youth programs.

Table 4 – Identify the geographic distribution and location of investments

Narrative

All funds are distributed within the Town of Barnstable boundaries as required. The Downtown Hyannis Neighborhood Revitalization Strategy Area (NRSA) was approved by HUD mid-April 2016 and about 50% of the amount available was spent in the NRSA. The NRSA is located in downtown Hyannis area and includes Main Street, North Street, South Street, from about the west end rotary to the Yarmouth line and goes up Barnstable Road. Map of the area and a detailed description is available in the Consolidated Plan on the Town website: www.townofbarnstable.us/cdbg.

Actual NRSA expenditures were in line with estimates and provided direct assistance to a first time homebuyers, assistance to families to participate in youth programs, housing rehab for homeless tenants, and 2 businesses assisted creating 5.5 jobs.

One new business was established in the NRSA creating 5 jobs and another existing business was assisted under the micro-enterprise loan program and created a part-time job and expected to create at least 1 FTE.

The Homebuyer Assistance program is not limited to the NRSA but the first purchase was by NRSA tenants who bought their first home in the NRSA.

Another housing rehab project in the NRSA was expected to complete but experienced some delays and extended to the 2019 program year. Project may be modified in 2019. Also expected 2 more micro-enterprise loans to close but funds were carried over to the 2019 program year and will be expanded to other areas of Town with a priority for businesses in the NRSA. The youth scholarship program is continuing in 2019.

The Youth Scholarship program is a public service provided through the Hyannis Youth and Community Center, which is located in the NRSA. Financial assistance was given to eligible families to participate in various youth programs, many of which were offered within the NRSA. Thirty-eight point 1 (38.1%) percent of the families served this year also live in the NRSA.

Projects outside the NRSA included support of housing development, housing rehab and public facility improvements.
Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

NOTE TO HUD: This section does not download to the word document.

Matching requirements for programs are included in the notices of fund availability and program documentation. A Summary of the matching requirements for 2018 programs provided below.

- Homebuyer Assistance Program is currently capped at $75,000 with a maximum purchase price of $325,000. Homebuyers are required to put down a minimum investment of 1.5% of the purchase price.
- Funding in support of housing development is a small fraction of the costs because new housing construction is not eligible under the CDBG program. CDBG funds for these projects are typically leveraged with multiple funding sources including but not limited to Barnstable County HOME, Community Preservation Act and private funds.
- With the exception of the housing projects above, assistance for affordable housing projects is typically limited to $25,000 - $50,000 per unit.
- The Kimber Woods project was leveraged with $74,250 of non-CDBG funds.
- Micro-Enterprise Loan Program is currently capped at $50,000 and limits activities.
- The Public facility improvements to the senior center to add a generator is leveraged with 75.4% ($170,400) capital funds to 24.6% CDBG funds.
- Public service agencies are encouraged to leverage other funding sources since the amount available for these activities is limited to 15% of the yearly allocation.
- The Youth Scholarship Program was leveraged by private and a revolving scholarship account. Scholarships provide a 50% discount on most programs and up to $200 for the Summer Leisure Program. The revolving account provides assistance to poverty level families and CDBG is used to bridge the gap between poverty and low income to ensure that no child is left behind.
- The planning and admin cap is not enough to cover all related expenses

Other resources that address affordable housing and community development goals include Community Preservation Act (CPA) funds and the Town of Barnstable Lombard Fund.

- Community Preservation Act (CPA) funds in the amount of $393,988 each for community housing and historic preservation projects in addition to $1,334,393 carryover funds for housing and $142,999 for Historic Preservation.
- Housing expenditures during the FY2019:
  - $105,809 - Habitat for Humanity, 536 River Road infrastructure that resulted in 4 new affordable homes
  - $100,000 Seashore Homes to create an affordable unit for rent at Ridgewood Avenue
  - $11,930 for AAAP CP Loan Program to create 2 rental units
Expenditures to preserve historic properties included:
- Federated Church - $24,750
- 1717 Meetinghouse - $7,309
- Town Records Preservation - $1,465
- Old Colonial Courthouse Rte 6A - $82,269

The Lombard Trust provides assistance to low income residents. During the 2018 program year (FY18) funds in the amount of $107,332 were spent to assist:
- 50 families with rent payments
- 13 families to pay utility bills
- 10 families received assistance for auto repair and payment
- $11,000 was awarded for homeless programs
- $30,456 for youth programs

The Town Council Asset Management Subcommittee is analyzing municipal owned parcels for use as housing development.
CR-20 - Affordable Housing 91.520(b)

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The difference between the goals and the actual is the Career House project was expected to add 2 additional units and has not yet completed. The project has been extended to 9/30/2019 and has not been successful in meeting its project goals or obtaining the necessary permits to move forward. The applicant recently requested changes to the scope of work and potentially additional funds. The planning and development dept. is currently working with the housing authority to resolve the issues. Project may be amended in the 2019 program year.
Discuss how these outcomes will impact future annual action plans.

The Senior Center Generator and Career House Restoration projects have been extended into the 2019 program year. The Micro-Enterprise Loan (MELP) is expanding the program area and continuing into the 2019 program year. The expansion is Townwide with a priority for businesses in the NRSA. The success of the Youth Scholarship program resulted in a larger award for the 2019 program year.

The Homebuyer Assistance program was successful in assisting 1 eligible family this year but activity has recently dropped off. Even with the participation of banks and realtors and several applicants the current housing market has proven to be a greater challenge than $75,000 could overcome. If an eligible homebuyer finds a home we may continue to offer but may need to reallocate funds to projects that can expend in a timely manner to meet the expenditure requirements.

Priorities shall remain consistent with the Consolidated Plan. All programs and projects will be monitored to identify progress and challenges towards completion. Adjustments may be made if needed and public notice will be provided if there are any substantial changes.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Narrative Information

NOTE TO HUD: This section does not download to word document or it duplicates narrative from above question.

Table 7 shows the number of households by income level that received a housing benefit through the CDBG Program. This year CDBG funds provided direct financial assistance to homebuyers, support of new affordable housing units and rental rehab programs including improvements to housing for homeless persons. HOME activities are reported by the Barnstable County HOME Consortium administered by Barnstable County Human Services.
CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction’s progress in meeting its specific objectives for reducing and ending homelessness through:
Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Homeless outreach is a priority for the Town of Barnstable. The Barnstable Police department established a Community Impact Unit (CIU) with dedicated community service officers to patrol downtown Hyannis Neighborhood Revitalization Strategy Area (NRSA) in 2015. Below is a list of initiatives and accomplishments of the CIU during the 2018 program year.

CIU has continued the following initiatives:

- Weekly meetings with the Street Outreach Team to identify and provide services to the most vulnerable homeless individuals; The Outreach Team includes: CIU, Aids Support Group of Cape Cod, Housing Assistance Corporation, Vinfen, Cape Cod Healthcare, and Duffy Health Org;
- Monthly meetings with the Regional Barnstable Crisis Intervention Team to identify and provide services to those individuals in our community suffering mental illness, substance abuse, and/or both; the CCIT includes Barnstable CIU, Yarmouth PD, Sandwich PD, Barnstable District Court Presiding Justice, Probation, Hyannis Fire Dept, Vinfen, DMH, Cape Cod Healthcare Behavioral Health Unit, Bay Cove Emergency Services, NAMI of CC & Islands, Duffy Health, Aids Support Group, HAC, etc.;
- Mental Health follow-ups/outreach with our part-time clinician;
- Overdose follow-ups/outreach with a Gosnold Recovery Coach;
- 1 full-time officer at HYCC to mentor and work with local youth;
- Monthly meetings with Town Manager and Chief of Police to update on current homelessness issues

Other accomplishments included:

- Community Substance Abuse Forum held at the Hyannis Youth and Community Center to provide parents and community members with information related to illicit substances frequently abused by youth. This was a collaborated effort including the CIU, Barnstable Youth Commission and 17 different vendors.
- Trainings provided to 15 Barnstable Police Officers and 4 dispatchers in Mental Health First Aid in October 2018 and 10 officers in June 2019
- 3 Officers certified in 40 hours of Community Crisis Intervention Team training in Dec 2018
- Received State earmark to manage emergency winter shelter that served over 30 individuals and success in re-engaging many individuals with behavioral health and/or addiction services through Duffy Health Center, HAC or Vinfen
- Sgt Jennifer Ellis, the CIU Supervisor, is recognized as a valued resource as indicated by invitations to speak at the 185th Annual Suicide Prevention Conference on community partnerships and collaborations to assist persons in mental health and/or substance abuse crisis and at the Annual Department of Mental Health/ Law Enforcement Conference.

The CIU did not receive CDBG fundes but expansions in services or related activities may be eligible. In addition to the CIU efforts the Town’s Planning and Development Department (PDD) continues to consult with the Regional Network to Address Homelessness (herein “Network”) and other agencies serving homeless populations to assess the needs of homeless persons for the CDBG program. PDD also forwards notices of public meetings, comment periods, and the availability of funds to the Network and contributing agencies to encourage them to participate in the program.
Addressing the emergency shelter and transitional housing needs of homeless persons

We rely on the Network and agencies with the expertise in addressing these needs but as mentioned above there is a better coordinated effort between the Town and the agencies providing those services. Agencies are notified of fund opportunities and invited to meetings to help identify needs and strategies to address them.

Funds were provided to Housing Assistance Corporation (HAC) to make improvements on rental housing that benefitted 5 homeless persons in 2018.

As mentioned in the leveraging section above, the Lombard Fund also provided assistance to address needs of homeless persons.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The Town relies on the network and agencies with the expertise to provide adequate services and assistance to homeless persons. We are fortunate to have several agencies providing a variety of assistance in the Town of Barnstable. Duffy Health Care provides healthcare services and referrals; Housing Assistance Corporation has the Project Prevention Program and MV House; Catholic Services oversees the NOAH (Homeless) Shelter. CHAMP Homes and Homeless Not Helpless provide housing opportunities for homeless persons. There are several agencies helping to serve these populations right in downtown Hyannis. The Town’s Community Impact Unit (CIU) coordinates with these organizations regularly.

CDBG funds were used to rehab a facility that provides housing to 5 homeless persons competed this year. Previous years funds were awarded for housing counseling services but unfortunately reorganization of the Subrecipient eliminated the program. Homelessness continues to be a priority and future requests will be considered.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

As indicated above, several agencies coordinate to facilitate access to housing and shortening the period of time people experience homelessness. Project Prevention, program administered by Housing Assistance Corp, provides financial assistance to move homeless persons into housing units. Homeless not Helpless, CHAMP Homes, and other opportunities are available to transition to independent living.
CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The Barnstable Housing Authority (BHA) manages public housing for the Town of Barnstable. They are consulted each year to help us identify public housing needs that may be addressed during the program year. CDBG funds were awarded again in 2018 to continue rehabbing affordable rental housing. The project goal was to add 2 additional units of rental housing but has not completed and has been continued to 9/30/2019. The Town is working with BHA in an attempt to resolve issues that are slowing progress. A recent request for a change in project scope is under review and may result in project modifications in 2019.

BHA does the intake and eligibility documentation for the programs and maintain ownership of rental properties.

In addition to providing financial assistance to the housing authority for various programs the Town provides assistance to conduct environmental reviews for their Capital Fund Improvements when possible.

CDBG Funds also provided direct homebuyer assistance to move public housing tenants into their first home during the 2018 program year through the Homebuyer Assistance Program.

**Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

Notifications of public meetings, surveys, and fund availability are sent to BHA to participate and post for public housing residents.

The Town has also used CDBG funds to help make homeownership affordable for public housing tenants. The Homebuyer Assistance Program provided seventy-Five Thousand ($75,000) to public housing tenants to secure their first home in the 2018 program year. Previously programs such as the BHA Soft Second Mortgage or 705 Self Sufficiency programs were successful in moving public housing tenants into homeownership. These programs have been successful in encouraging homeownership as well as making rental units available for other families.

**Actions taken to provide assistance to troubled PHAs**

The BHA is not designated as troubled but in the event the status changes, the Town will work with BHA to improve.
CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

- Adopted policies to encourage affordable housing such as the Accessory Affordable Apartment and Inclusionary Zoning ordinances.
- The Accessory ordinance provides single family homeowners the opportunity to create an accessory unit that is affordable to households at or below 80% of the area median income (AMI). This program had been funded through the CDBG program in the past to rehab existing units and currently uses Community Preservation Act (CPA) funds to assist homeowners creating new accessory apartments.
- The Inclusionary Zoning ordinance requires 10% of residential housing production units be affordable to households at or below 80% of AMI
- CPA funds are used to create and preserve affordable housing units. This year, CPA awarded funds to 3 projects, creating 11 affordable units.
- The Town is currently working on reforms to Zoning in the Downtown Growth Incentive Zone to allow for multi family by right development. Will be complete by early 2020.
- The Town has a municipal affordable housing trust. Although these funds are limited, the Trust did award funding assistance to a residential development creating 2 affordable rental units.
- The Town has an approved Housing Development Incentive Plan which will allow the Town to award Tax Increment Exemption Agreements to residential housing projects within a designated area.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

It is often difficult to serve the extremely low and very low income populations because the funding need is far greater than the amount available.

Funds provided to BHA to rehab public housing units benefit extremely low and low income residents. Funds were also provided to Housing Assistance Corporation to rehab housing for 5 homeless persons completed in 2018.

CPC committed $250,000 to create 8 units of housing for autistic and developmentally disabled adults
**Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

Projects involving acquisition, construction, rehab, or demolition are evaluated for lead paint hazards and adhere to Lead Paint Safety Rule. All proposed activities that involve properties built before 1978 are reviewed to determine whether lead hazards are present and the impact of the proposed activities. Program guidelines and written agreements with recipients require proper notification and the use of certified inspectors and contractors to ensure lead hazards are appropriately screened for, contained, and properly disposed.

During the 2018 program year the Homebuyer Assistance program (HAP) was subject to 24 CFR Part 35 Subpart K: The property purchased was built in 1973 and subject to lead requirements. Received a Certification of Maintained Compliance by Prior Environmental Services dated 6/11/2018 and Property Transfer Notification Certificate dated 6/18/18.

Three projects were subject to 24 CFR Part 35 Subpart J for rehabilitation activities. The Career House Rehab project was built before 1978 and the Barnstable Housing Authority provided a signed Lead Safe Housing Applicability Rule form claiming an exemption under 24 CFR 35.115 for housing units exclusively for elderly or persons with disabilities with the provision that children less than 6 years of age will not reside in the unit.

Housing Assistance Corporation (HAC) had 2 projects subject to subpart J and certified MV House under 24 CFR 35.115 for housing units exclusively for elderly or persons with disabilities with the provision that children less than 6 years of age will not reside in the unit and zero bedroom units including efficient apartments, single room occupancy housing, dormitories or military barracks on 7/17/2019. Awaiting signed applicability form for the Kimber Woods project but assessing records show the building was built after 1978 and therefore exempt.

The Town continues to evaluate programs to ensure compliance with regulations.

**Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

Poverty level families are eligible to participate in CDBG funded programs.

In the 2018 program year both housing and public service activities benefited extremely low income families which is similar to the 125% poverty level. The 2 limits differ by household size. The poverty level is slightly lower for households 3 or less and slightly higher than 30% AMI (extremely low income) for larger families. CDBG tracks eligibility by 30%, 50%, and 80% of the area median income (AMI) as required by HUD.

- Housing rehab projects benefitted 20 extremely low income households including 5 homeless persons
- Public service activities served 272 extremely low income households, the majority, 250, being senior residents and 22 were families with children participating in youth programs.

The CDBG funded Youth Program Scholarship program was added to bridge the gap between poverty and low income. Non-CDBG funds are used to assist families at 125% of the poverty level.

Although not considered poverty level the 4 new housing units created are deed restricted for homeowners less than 65% of the area median income which is lower than the 80% required by the CDBG program.
Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The CDBG program is administered through the Planning and Development Department (PDD) which was formerly known as the Growth Management Department (GMD). All plans and projects require review and approval from the Town Manager who is the designated signer for the CDBG program. PDD staff participates in trainings to remain current with changing regulations and procedures. PDD continues to solicit local area non-profits and other agencies with expertise providing housing and community services for low and moderate income persons to carry out programs and services. A more coordinated effort with the Barnstable County and Town of Yarmouth is anticipated now that submissions of the Consolidated Plans and Annual Action Plans are submitted together as one under the Barnstable County HOME Consortium.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The Town’s PDD reaches out to public and private housing and social services agencies throughout the year to encourage participation in the CDBG program. Outreach efforts have been successful in attracting a variety agencies to focus groups and public meetings that serve low and moderate income persons and special needs populations. We hope to continue to see increased participation from residents and agencies.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Town implemented strategies:

• Inclusionary Zoning bylaw that requires 10% affordable housing contribution for new development over 10 units or 10 acres thereby creating mixed income development and furthering housing choice for lower income households.
• Accessory Affordable Apartment bylaw allowing for the development of accessory units throughout the Town and requiring income and rent restrictions.
• Hyannis Zoning Project is preparing proposed zoning changes in downtown Hyannis that will allow for greater density residential development reducing restrictive zoning that drives up cost and limits diversity of housing choice.
• CDBG program information is translated into Spanish and Portuguese and posted online where they can be translated to over 130 languages. Interested parties can notify the Planning and Development Dept. in advance to arrange translators for scheduled meetings.
• All affordable housing projects that are permitting by the Town are required to have an approved Affirmative Fair Housing and Tenant Selection Plan.
• Member of the regional Human Rights Commission, whose mission is to promote equal opportunity, prevent discrimination, investigate and mediate complaints and provide human rights information.
• The Town continues to prioritize use of local resources to improve affordable housing opportunities.
• Town Council asset management subcommittee has prioritized pursing residential development at the former, now closed, Marstons Mills elementary school.
CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Note to HUD: This section does not download to word document when completed in IDIS.

CDBG recipients are required to submit quarterly progress reports for July – September; October – December; January – March; and April – July, along with year-end reports.

The Town’s Planning & Development Department monitors for compliance with regulations and continues efforts to ensure timely expenditure of funds. Monitoring activities include on-site and office reviews. The expenditure requirement was not met during the 2018 program year. The Town was required to submit a workout plan to HUD for approval along with quarterly and other updates as requested by HUD until compliance is met. As of August 27, 2019 a minimum of $292,632 must be spent before May 2020. The next report is due October 15, 2019 and HUD may require reallocation of funds if sufficient progress is not made.

Rental housing activities are monitored yearly to ensure affordability terms are being met.

Most projects are secured with mortgages, promissory notes and/or deed restrictions to ensure long term compliance.

Minority and Women Business outreach requirements are included in CDBG agreements and the Town’s Minority and Women Business Plan is available on the Town website https://tobweb.town.barnstable.ma.us/Departments/purchasing/. Reporting is done on HUD form 2516 annually for period ending September 30th as required. The 2018 report will include a certified Minority Business Owner and Disadvantaged Business Enterprise awarded 2.9% of the total project costs, including other resources, or 8.3% of the CDBG funds granted to the project.

Section 3 compliance is included in written agreements and encouraged when compliance is not triggered. Unfortunately there are no businesses listed on the Section 3 Business Registry for Barnstable Town, MA MSA metropolitan area or the neighboring Counties. Eligible businesses are encouraged to register with HUD at: https://portalapps.hud.gov/Sec3BusReg/BRegistry/RegisterBusiness. There are section 3 businesses listed in Massachusetts outside Barnstable, Plymouth, Nantucket and Duke Counties. The Town submits HUD Form 60002 Reports annually after year end as required. The 2018 report was submitted on 8/8/2019.

Public notices are posted in three languages with the ability to convert website content into 103 different languages. Announcements include the availability of interpreters upon advance request.
Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The Town issues press releases to notify residents and other interested parties of upcoming meetings, fund availability, and how to submit comments. These ensure a multi-media approach of notifications including local newspapers, newsletters, Town website posting, physical posting in Town Hall and other public buildings, social media networks such as Facebook and Twitter, and local cable television. Messages are often picked up by agencies that reprint the notice in their newsletters including but not limited to Barnstable County Human Services, Hyannis Chamber of Commerce, and Hyannis Main Street Business Improvement District.

Press release issued 8/20/2019 to provide notice of the public meeting, document availability and public comment period.

CR-45 - CDBG 91.520(c)

NOTE TO HUD: This section downloads 2ce to the word document.

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

As mentioned above applications considered may be evaluated collectively to ensure a balance between projects that can move forward quickly and programs. Funds may be reallocated to other activities if projects don’t show adequate progress towards completion by December 2019.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

**CR-20: Affordable Housing**

Did the grantee provide the actual number of households provided affordable housing units in the program year? Use the PR-03 and PR23 reports to assist in the review. | ☒   | ☐  | Page 10               |

*Note: This table contains information entered by the grantee into the Action Plan. The table only includes the grantee’s goals for the number of homeless, non-homeless, and special needs households to be provided affordable housing within the program year using funds made available to the jurisdiction as specified in their Annual Action Plan on screen AP-55 – Affordable Housing. For the purpose of this section, the term “affordable housing” is defined in the HOME regulations at 24 CFR 92.252 for rental housing and 24 CFR 92.254 for homeownership and in the HTF regulations at 24 CFR 93.302 for rental housing and 24 CFR 93.304 for homeownership. The numbers reported for actual should be consistent with the accomplishments reported at the Activity level in IDIS. Several reports, including the PR23 – Summary of Accomplishments for CDBG and HOME, can help the jurisdiction determine the actual number of ELI, LI, and MI renter and owner households that were provided affordable housing units during the program year. The grantee should be asked to revise the numbers in its Annual Action Plan, if the one-year goal field includes numbers that do not meet the definition of “affordable housing” as defined in the HOME regulations at 24 CFR 92.252 for rental housing and 24 CFR 92.254 for homeownership and in the HTF regulations at 24 CFR 93.302 for rental housing and 24 CFR 93.304 for homeownership. Other housing units assisted that do not meet the definition of “affordable housing” in the HOME regulations at 24 CFR 92.252 for rental housing and 24 CFR 92.254 for homeownership and in the HTF regulations at 24 CFR 93.302 for rental housing and 24 CFR 93.304 for homeownership may be discussed separately. These estimates should not include the provision of emergency shelter, transitional shelter, or social services.*

Did the grantee provide the actual number of households supported? | ☒   | ☐  | Page 11,12            |
Note: This table lists the goals and actual number of affordable housing units produced in the program year for each type of housing assistance (rental assistance, production of new units, rehabilitation of existing units, and acquisition of existing units). The One-Year Goal field is system-generated based on the information from screen AP-55 – Affordable Housing in the Annual Action Plan. The numbers reported in the Actual field should be consistent with the accomplishments reported at the Activity level in IDIS. Several reports, including the PR23 – Summary of Accomplishments for CDBG & HOME, can help the jurisdiction determine the actual counts for the program year. Grantees can adjust these values to correct actual numbers. For the purpose of this section, the term “affordable housing” is defined in the HOME regulations at 24 CFT 92.252 for rental housing and 24 CFR 92.254 for homeownership and in the HTF regulations at 24 CFR 93.302 for rental housing and 24 CFR 93.304 for homeownership.

**FINANCIAL ANALYSIS:**
To ensure the integrity of the CAPER, a comprehensive review of both programmatic and financial analysis should be performed. The financial review evaluates the fiscal integrity and financial capacity of the grantee and can be used as a part of the Annual Community Assessment. This section examines the financial data for accuracy, necessity, and compliance with Federal cost principles and agency. Deficiencies found during the financial analysis do not affect the determination as to whether or not the CAPER is satisfactory; however, any violations in the following regulatory requirements could result in a monitoring finding.

The Town of Barnstable Department of Public Works Solid Waste Division in collaboration with Barnstable County is holding a Household Hazardous Waste Collection at the Transfer Station located at 45 Flint Street Marstons Mills. Hazardous Waste Collections are FREE to Barnstable Residents. Participants must have either a paid household trash sticker or free recycling sticker to participate. Stickers are available during normal business hours at the transfer station, including on the collection day. The hours of the hazardous waste collection are 9:00 AM - 12:00 PM. For questions about this project, call the Transfer Station at 508-420-2258, or refer to the Town’s Website (http://www.townofbarnstable.us/solidwaste/2010/1HHW/2019%20Barnstable%20H-W%20Brochure.pdf) or to the County’s website for Household Hazardous Waste at www.lovewhatyoulocalwater.org (http://www.lovewhatyoulocalwater.org/).
Update on Water Quality Resource Management Efforts in Barnstable

Barnstable's Channel 18 has prepared a YouTube playlist (https://www.youtube.com/playlist?list=PLqZuj_KingzqUfDRkJk3KbVnJTwu_LY) of segments they have created on Water Quality Resource Efforts in the town of Barnstable. The informative pieces include Town Manager Mark Ellis talking about Water Quality Planning, Herring Run 2019, Cotuit Bay Dredging, Barnstable at Work – Hyannis Water Supply Division, Water Quality Testing in the Three Bays and more. At the January 3, 2019 Town Council meeting, DPW Director Dan Santos presented an Update on Wastewater Management Efforts in Barnstable (http://web.townofbarnstable.us/Departments/PublicWorks/Office_Resources_and_Updates/Wastewater-Update-Presentation---Town-Council.pdf). We thought we would share this important information again in this week’s eNews. Mr. Santos’ presentation can be viewed here (http://streaming85.townofbarnstable.us/CablecastPublicSite/show/8142?channel=1&seekto=3446). Barnstable Recreation Recognized by Youth StreetReach

On Sunday, August 18, 2019 Barnstable Recreation was recognized for their support of the Youth StreetReach (YSR) Program. This program gives a chance for teens to interact with people who have or are still dealing with being homeless. The YSR Mission is to integrate education, worship, and outreach in order to make youth more aware of injustice and to respect the dignity of all people, especially the lonely, lost and disenfranchised. The Youth hear firsthand how each life’s path may lead to unexpected circumstances and how a community can help change lives. Thank You, Youth StreetReach! Congratulations, Barnstable Recreation!
