RED CROSS LOT PARKING PERMIT PROCEDURE

PURPOSE:

To provide parking options to residents and local businesses requiring spaces in addition to what is required for said business at Red Cross lot while also balancing visitor parking needs.

PROCEDURE:

The Town of Barnstable Parking Program has adopted the following procedure regarding issuance of parking permits for the Red Cross Lot:

1. Red Cross Parking Permit is valid at Red Cross Parking Lot **only**.
2. Educational institutions on Main Street and Pearl Street, abutting residents and businesses are eligible for a parking permit.
3. Permits will be issued **only** at 200 Main Street Hyannis through Parking Management.
4. Educational institutions that have a prior written agreement with the Town are permitted up to 30 permits; other educational institutions and abutting businesses that qualify are permitted 10 permits; abutting residents are qualified for one (1) permit per registered vehicle.
5. Fees associated with Red Cross Parking Permits are approved by the Town Manager through a public hearing and are subject to change.
6. All Red Cross permits expire on June 30th of each year.
7. Businesses requesting a “floating” permit (assigned to a business rather than a specific vehicle) must submit a request in writing and approved at the discretion of Parking Management.
8. Permits issued to an individual or specific vehicle associated with an eligible business must provide a copy of valid vehicle registration.
9. Red Cross Parking Lot is open to the public with 6HR timed parking in effect. Parking is on a first come first serve basis and a Red Cross Parking permit does not guarantee a parking space at Red Cross Lot at the time of use.
10. Permit must be displayed properly in the driver’s side front windshield in order to be valid.
11. Permits are issued at the discretion of Parking Management per approval of the Town Manager and may be cancelled or revoked for failure to comply with these rules or other municipal or state laws.

***DISCLOSURE: RED CROSS PARKING LOT PERMIT HOLDERS are not guaranteed a parking space at any time**
